Baby Plants

We are offering these one year old plants as "Baby Plants" to distinguish them from our large mature grade of two year field plants. Now you can afford to replant your garden with some of the better plants at a very reasonable cost. Many of the varieties offered are the new outstanding novelties of the past few years. The plants are exactly the same grade we plant in our own nursery to grow on one year when they become mature clumps. The Iceland Poppies, Delphenium, Coreopsis, Sweet Wivelsfield, Platycodon, and Dianthus will all give abundant bloom this summer and will be thrifty established plants by fall.

Dianthus

No rock garden is complete without a few varieties of these favorite perennial pinks. The following list consists of the outstanding species.

Alpinus Alwoodi—Splendid new hybrid. Many fancy colors.

Arenarius—Showers of lacy white and pink flowers.

Caesius—True cushion pink. Excellent rock plant.

Speciosus—Wonderfully sweet scented lacy flowers.

Knappi—Bright yellow flowers in clusters. Unique.

Winteri—A new pink of bold form and varied colors. Fragrant.

Plumarius—Spicy fragrant rose-pink flowers.

Sweet Wivelsfield—A hybrid of Alwoodi and Sweet William. Everblooming. Excellent cut flower.

Price on all Dianthus 35c per dozen

Iceland Poppy

We have selected the two finest strains of these popular poppies. Plant them in quantity and you will have beautiful flowers from early June to October.

Diners Improved Coonara Pink—Large flowers on long stems in pink art shades

Fakenham Hybrids—Flowers twice the size of ordinary Iceland poppies in shades of orange, yellow and white.

Price of either strain 35c dozen

Delphenium

Belladonna Cleviden Beauty—The finest thing yet introduced. Many spikes of heavenly azure-blue flowers all season. Absolutely disease free—year old plants that will begin to bloom in August. 50c dozen.

Coreopsis Mayfield Giants—A grand improvement over the old type with flowers twice as large. 50c dozen.

Saponaria Ocymoides—Splendid trailing rock plant. Showers of pink flowers in summer. 35c dozen.

Platycodon (Balloon flowers) Blue saucer shaped flowers on two foot plants. 35c dozen.

Lily Tenuifolium—One year old baby bulbs that will bloom the second year. 50c dozen.

Phlox Divaricata—Excellent plant for rock garden or naturalizing. 35c dozen.

Alyssum Rostratum—Desirable rock plant. 35c dozen.

Special Collection Offer

One Each of the 12 Varieties for \$2.50

Single Plants of Any Variety 30c Each. Any 4 plants for \$1.00

10 Phlox Divaricata—A showy easily grown, free flowering native for the rock garden or the semi-shaded border. Multitudes of deep lilac colored flowers in spring. Ten plants for\$1.00

10 Cacti—Order this collection and plant that hot, barren spot in the rock garden. Nature's most wonderful creations. Your miniature desert garden will be colorful and unique all season. Ten blooming size plants for\$1.00

10 Native Hardy Asters—We have selected the more desirable colors of these fine fall blooming plants including a range from deep purple to blue and lavender and white. We are offering these selected plants at Ten for\$1.00

6 Oriental Poppies—Named varieties our selection of colors which will include red, pink and salmon, for July and September delivery. Six 2 year plants for\$1.00

New Double Pyrethrum Brilliant—Fascinating

These glorious new creations of Double Pyrethrum are taking the garden lovers by storm. Far surpass the older varieties in size, coloring and splendor. Stocks are limited as vegetative propagation is the only means of keeping varieties true to type. We would suggest you order early if you wish to procure the plants. Our plants are strong 2 year field grown plants that will give abundant bloom this season.

Buckeye—Multitudes of double red flowers completely covering the strong plants. Excellent long stems for cutting.

Miami Queen—Semi-double clear pink—very free flowering over a long period.

N. R. A.—A very promising new double red. Usually in bloom for Memorial day here.

Trojan—Semi-double deep pink flowers produced over a long season. Outstandingly beautiful.

One Each of the 4 Varieties for \$1.50

Sempervivum Aristocrats (Hen and Chicken)

These four are the most outstanding of the newer Hen and Chickens—should be in every garden.

Atroviolaceum—Rosy purple rosettes
Mauvine—5 inches. Mauve toned
Silverline—Large, silvery gray
Emerald Giant—Heavy compact green rosettes

One Plant of Each for \$1.00

5 Fringed Bleeding Heart—Nice plant for the shady nook in the rockery. The fine fern-like foliage and rosy pink flowers give grace to the garden at all seasons. Plant in light shade in ordinary soil. It continues to bloom from June to Sept. Fine for the wild garden. Height 12 inches. 5 field grown clumps for\$1.00

8 Everblooming Pinks (Dianthus Plumarius)—A new strain that will produce spicy fragrant white, rose and pink flowers from June to frost. The blue foliage adds much to rock gardens and borders. 8 thrifty field grown clumps for\$1.00

6 Campanula Carpatica—A very pretty plant growing in compact tufts and holding the many large blue bell-shaped flowers erect on wiry stems. A mass of color all summer. A beautiful edging plant. Height 6-8 inches. 6 Large clumps for\$1.00

Sedums

The many varieties of Sedums should constitute the backbone of every rock garden. With few exceptions, they are the easiest of all plants to grow. Some varieties will succeed where little else will thrive while others with evergreen foliage give the rockery its only

sign of life during the long winter.

We have tried out many varieties and have retained the following as being worthwhile and the cream of the crop. All plants offered are strong field grown clumps.

Funckia

[Plaintain Lily]

A family of plants much prized for their neat foliage effect and late summer flowers. Excellent plants for bordering walks or for margins of lily pools.

Caerulea Lanceolata—August Blooming, blue flowers.

Lancifolia—Excellent plant for shade. Lilac-blue flowers in August and September.

Subcordata Grandiflora—Large white fragrant lily like flowers in August.

Variegata—Beautiful edging plant with its green and yellow variegated foliage. Blue flowers in August.

One Each of the 4 Varieties for **\$1.10**

Water Hyacinths

No pool is complete without Water Hyacinths. The delicate lilac-rose flowers are produced all summer on this floating plant. Absolutely indispensable if you wish to succeed with raising baby goldfish as the roots of this plant protect the eggs and young fish.

4 Plants for 50c

Float the plants in shallow water so that the tips of the roots can come in contact with rich soil and you will be rewarded with dozens of beautiful flowers with the texture of the rarest Orchids. The plants we are offering are the finest money can buy.

9 Plants for \$1.00

Undisputed Bargains

For Spring Planting

In spite of rising prices, we are offering the greatest values in years. All plants and bulbs offered are of the highest quality and guaranteed to please.

We grow many more items than those listed upon this sheet. Should you be interested in any other items write us for prices. In July you will receive our offering of Madonna Lilies, Oriental Poppies, Mertensia and such

All Orders Sent Postpaid

seasonable items. Our complete list of Wild Flowers, Rock Plants, and Lilies will be sent to you in September.

In ordering simply check the collections wanted, fill out the blank on the reverse side and mail to us with your remittance. Kindly include five cents for exchange fees on checks. We appreciate all orders—no order too small or too large.

Beautiful Coral Lily

(Tenuifolium)

The absolutely indispensable hardy Siberian Coral Lily—a gem for the rock garden or border—should be in every garden! The bulbs we are offering are extra select two year old bulbs. Each bulb will produce from ten to fifteen waxy fragrant scarlet flowers in June.
